Quarterly Report as at June 30, 2025

G City Ltd.
Board of Directors Report to the Shareholders
for the Period ended on June 30, 2025

The Board of Directors of G City Ltd. (the “Company”) is pleased to present the Company’s Board of Directors’ Report for the period ended June 30, 2025 (the “Reporting Period”). The scope of this report is limited and it is drafted under the presumption that the readers will also have before them the Company’s periodic report for the year ended December 31, 2024, which was published on March 20, 2025 (Ref. No.: 2025-01-018556) (the “Periodic Report”).

It is hereby clarified that this Report includes only information that the Company believes is material information. Nonetheless, in some cases, to complete the picture, additional information that is not necessarily material information was included.

1. The Company and its Operations

1.1. Introduction

The Company, directly and through its private and public investees[1] (together: the "Group"), engages in the management, improvement, development and purchase of income-producing mixed-use real estate properties, including commercial, residential and office properties in Israel, Northern and Central Europe, North America, and Brazil, with the focus on densely populated key urban cities.

The Company’s shares are listed on the Tel Aviv Stock Exchange Ltd. (“TASE” or the “Tel Aviv Stock Exchange”) under the symbol “GCT”.

The Group focuses on highly accessible properties connected to public transport (trains, buses, etc.) with potential for expanding building rights and increasing value and cash flows through proactive management, betterment, addition of uses, development and redevelopment, and the Company explores business opportunities in its operating sectors and in related or other operations in its operating sectors and in additional regions At the same time, the Group acts to sell properties that are non-core assets, or properties that the Group believes have limited growth potential and/or are in areas where the Group wishes to cut back its operations, and to bring in partners for stable properties where their betterment has been completed.

The Group operates in Israel directly through the Company and in other territories through its subsidiaries, in which the Company exclusively plans strategy and oversees their management: G City Europe Limited (“G Europe”)[2], that operates in central Europe (mainly in Poland), Gazit Horizons Inc. (“Gazit Horizons") in the USA, and Gazit Fll Malls that operates in Brazil (“Gazit Malls”), and through other wholly owned subsidiaries of the Company in Brazil (“Gazit Brazil”).

Furthermore, the Group operates in Northern Europe through Citycon Oyj ("CTY"), a public company controlled by the Company, which has a similar strategy to that of the Company.

1.2. In September 2024, the Company adopted a strategic plan for 2028 (“2028 Strategic Plan”), that refers to multi-departmental growth:

(a) Organic growth - by optimizing the tenant mix, increasing the number of visitors to the properties, and enhancing the revenues;

(b) Enhancing the rights in the Group's properties – through the expansion and development of existing properties, as well as by adding uses such as residential, office, and other spaces;

(c) Selective acquisition of properties with potential for betterment in the Group's business focus areas, and the improvement, development and construction of properties for sale

Further sales of properties / entering partnerships in properties for which enhancement has been completed, as well as in properties for sale that the Company is constructing or will construct.

Such properties are acquired and sold while maintaining appropriate liquidity and balance sheet ratios, and for the

1 Unless stated otherwise, reference to affiliates includes companies that are fully consolidated by the Company and companies that are presented according to the equity method.

2 G Europe data in this report are presented together with the data of another property in Poland that is held by another Group subsidiary.

purpose of strengthening the Company's equity and lowering the LTV ratio to 50% by the end of 2028.

The scope of disposal of properties and the Group's rate of progress in such disposal, including the pace at which the properties have been put up for sale according to the various countries in which the Group operates is dynamic and is carried out according to the market conditions in the various countries in which the Group operates, and pursuant to the discretion of the Company's management, while taking macro-economic and Group specific considerations into account, and by balancing the Company's needs and may change as a result of macro-economic changes as well as due to generation or absence of business opportunities to promote certain parts of the strategic plan.

The 2028 Strategic Plan follows the disposal plan announced by the Company in October 2022 for disposal of non-core properties or properties that Company has accomplished their improvement. For further information, see section 1.1 to the Description of the Corporation's Business in the annual report.

As of date of publication of this report, and since October 2022, the Group has completed the disposal of properties for a total amount of NIS 5.3 billion, as follows: G Europe - NIS 3.6 billion; G Israel - NIS 0.6 billion; Gazit Horizons - NIS 0.6 billion; Gazit Brazil - NIS 0.5 billion.

Furthermore, in February 2024, CTY announce a streamlining and property disposal plan of EUR 950 million of which non-core properties worth EUR 475 million were sold.

1.3. The Group is a well-established and has long-standing management platform in Poland, with extensive knowledge and expertise in the income generating real estate sector, and with proven expertise in property management and development, as well as in identifying business opportunities in the sector, and presents consistent operational results over time. The Company is considering establishing a new legal entity ("the Corporation") to which, initially, real estate companies (currently owned by G City Europe) will be transferred. These include three income generating properties in Poland, located outside of Warsaw, worth a total amount of approx. EUR 450 million as of June 30, 2025.

The Company intends to exercise its control of the Corporation while raising secured debt by the Corporation, and retaining a minority stake therein, among other methods, through a public offering of the majority of the Corporation's shares, the establishment of an investment fund, or by another method, while at the same time the Company will provide management services for the Corporation's properties, leveraging its existing management platform capabilities, in exchange for customary management and success fees. It should be noted that the Corporation will consider proposals for acquiring additional properties (outside of Warsaw) and in other countries where the Company does not currently operate, in order to expand its operations, if deemed appropriate.

At this stage, there is no certainty that such a corporation will indeed be established, and the Company will continue to explore alternative options for disposing of the foregoing properties and/or other properties, as well as for further reducing its leverage.

The Company's estimates regarding the manifestation of the foregoing strategic plan, including the sale of properties (including disposal as set out in section 1.3 above) and injection of investments as aforesaid, the volume and consideration with respect thereto, constitute forward-looking information as defined in the Securities Law – 1968. These estimates are based on the Company's plans as they were at that date, which are based to a significant extent on their expectations and assessments, among others, with respect to macro-economic and other (industry-related and general) developments, and their synergy. Furthermore, the Company's foregoing investment plans are subject to the free cash flow and financial capabilities of the Company, as well as the investment opportunities in the relevant markets, and the economic and financial conditions in these markets and worldwide, as well as the effects of inflation, increase in interest, and special situations such as the Swords of Iron War. The Company's expectations and assessments, including with regard to their ability to realize its strategy and achieve the goals that it has set, including its property disposal plan and investment plan, are uncertain and may not materialize or may materialize in part, and the Company's management may deviate from or change them, depending on various factors, including macroeconomic conditions that are beyond the Company's control, such as the rate of inflation, interest rates, the effects of territorial events (including the Swords of Iron War and legislative changes in Israel), and the outcome of materialization of the risk factors applicable to the Company's operations as set out in sections 28 of the chapter on the Description of the Company's Business in the Periodic Report. At the same time, it is clarified that the Company's management will from time to time assess their plans and revise them according to such changes and others.

1 Including extensions to income-generating assets

2 The balance of the yielding assets attributed to the expanded Solo (not incl CTY), an amount of NIS 1.0 billion is attributed to vacant space. For the purpose of calculating the value attributed to vacant spaces, vacant space was defined as space that did not generate rent during the reporting period. The value of the vacant spaces is calculated pro rata to the value of the relevant property (if it was not attributed a separate value in the evaluation of the property). The value of the vacant space is not reviewed or audited by the company's accountants.

3 The balance of the income generating properties attributed to the expanded solo (excluding CTY), an amount of NIS 806 million is attributed to income generating rental residential properties.

1 Investments presented using the equity method. The Company holds 91.3 million shares of CTY (49.6%). The market value of the investment in CTY as at June 30, 2025, is NIS 1,373 million (EUR 3.8 per share).

2 Including an investment in assets through joint transactions presented in the financial statements according to the equity method.

3 Including mainly loans and receivables in an amount of NIS 0.8 billion, inventory of offices for sale in an amount of NIS 0.3 billion, and derivative financial instruments of NIS 0.1 billion.

4 Including mainly trade payables and other payables in an amount of NIS 0.6 billion, deferred tax liabilities of NIS 0.4 billion, and derivative financial instruments of NIS 0.1 billion.

5 Includes G Europe hybrid debentures in an amount of NIS 0.8 billion, and non-controlling interests in part of the Company's properties amounting to NIS 0.4 billion. It is noted that these properties also have loans amounting to a total of NIS 0.6 billion that are fully consolidated in this balance sheet as part of the interest bearing liabilities (NIS 0.1 billion of which are attributable to non-controlling rights).

6 As of Q1 2025, the Company has revised the method used for calculating the net debt to total balance sheet ratio also in the expanded Solo financial information. In the revised calculation method, the net debt consists of interest bearing liabilities net of cash and cash equivalents, marketable securities, and short term investments only and does not include other liabilities and deduction of other properties (also including held for sale investment properties) as were included in the previous calculation method. The revised calculation method is consistent with the calculation in the consolidated report and is the customary calculation for this ratio. As at June 30, 2025, based on the previous method of calculation this ratio is 70.7%.

7 Including, mainly, depreciation of premium and discounting and income from early redemption of debentures.

2.3. (EPRA Earnings) FFO:

As is the practice in income-producing real estate companies, the Company customarily publishes information regarding the results of its operating activities in addition to, and without derogating from, the income statement prepared according to accounting principles.

The Company assumes that the Adjusted FFO index fairly reflects the operating results of the Company, provides a better basis for comparing the Company's operating results in a particular period with those of previous periods and also provides a uniform financial measure for comparing the Company's operating results with those published by other real estate companies.

These Adjusted FFO measures do not represent cash flows from operating activities according to accepted accounting principles, nor do they reflect the cash held by a company or its ability to distribute that cash, and they are not a substitute for the reported net income (loss). Furthermore, it is clarified that these measures are not audited by the Company's independent auditors.

For further information see section 2.3 of the Board of Directors report included in the periodic report.

Forecast of NOI and FFO per share from income generating real estate operations

The forecast of NOI and FFO per share from income generating real estate operations are provided below to present the Company management's estimations with respect to the Company's business and operating results. Below is the forecast of NOI and FFO per share from income generating real estate operations for 2025, which is based on public information and the management's estimations, including CTY's forecasts, if published, and the following assumptions:

- Known exchange rates and interest rates at the reporting date.
- Acquisitions, sales and investments in property development, pursuant to the Company's work plan.
- Excluding unanticipated material events that affect the Group's operations.

	Forecast for 2025
NOI Consolidated (NIS millions)	1,590-1,630
FFO per share from the income generating properties segment (NIS)	1.95-2.01

The Company's forecast of NOI and FFO per share from income generating real estate operations for 2025 is forward-looking information, as defined in the Securities Law, 1968, based on the foregoing assumptions, including the estimations and assessments of the Company management and Group companies with respect to future events or matters whose materialization is uncertain and beyond the Group's control. There is no certainty that the forecast will be realized, in whole or in part, and actual results may differ from the forecast as set out above, due, among other things, to dependence on events beyond the control of the Company and the Group, including changes in exchange rates and interest rates, as well as the Company's ability to execute its plans for the realization, acquisition, and development of properties at the prices, under the conditions, or within the time frames set out in the work plan.

2.4. Adjustment of CPI linked income and CPI linked interest expenses

The Group's rental income is CPI linked (the "Index") in most of the countries in which it operates. This linkage contributes to the increase in the Group's income and the value of its properties.

For calculating the FFO according to the management method, the Company adjusts on the one hand the increase (impairment) in fair value of the income generating real estate and on the other the index differentials from financing expenses component in its financial statements, and adds the interest expenses on the hybrid debentures.

As at December 31, 2024, 81% of the rent, net the share of non-controlling interests, are from rental contracts in which the rent is contractually linked to the CPI and is updated monthly to annually, according to the customary method in the various regions in which the Company operates.

At the same time, at December 31, 2024, 43% of the Group's debt, net of the share of non-controlling interests, is not linked to the CPI (including the effect of swap transactions).

In the first quarter of 2025, the Company began engaging in such CPI swap transactions to create a higher correlation between CPI-linked revenue and CPI-linked debt, and as at date of publication of this report, the Company has engaged in swap transactions for an amount of NIS 4.5 billion.

The effect of transactions made through to the end of the second quarter of 2025 amounted to increased interest revenue of NIS 33 million (of which NIS 28 million in the second quarter), and is liable to increase interest revenue by NIS 27 million in the third quarter of this year, and this based on the transactions made through to the date of signing of these reports.

2.5. Buyback of debentures and hybrid debentures

Breakdown of future cash flow savings reflected in the return to redemption of the acquired debentures based on their purchase price until the original redemption data of these debentures that adds to decreasing the interest and principal payments that the Company was meant to pay on these debentures.

2.6. Net property value (EPRA NTA, EPRA NRV and EPRA NDV)

As is customary in European countries in which the Group operates, and similar to the position paper published by EPRA, which aims to increase transparency, uniformity and compatibility of financial information reported by real estate companies, the Company publishes the following net property value data: EPRA NTA, EPRA NRV and EPRA NDV.

The Company believes that the presentation of such data enables its net asset value data to be compared with those of other European real estate companies. However, such data does not constitute a valuation of the Company and does not replace the data presented in the financial statements, but rather provide an additional aspect of the Company's net asset value (NAV) in accordance with the EPRA recommendations. It is clarified that such data are not audited by the Company's independent auditors.

For further information regarding these indices see section 2.6 of the Board of Directors report included in the periodic report.

Below is the calculation of the Company's EPRA NTA, EPRA NRV and EPRA NDV:

3.1. Significant events in the Group during and subsequent to the reporting period

3.1.1. Key investments and disposals of investment real estate

A. G Europe

- In January 2025, the sale of land in Turkey was completed for proceeds of EUR 53 million.
- In February 2025, the sale of the Flora property in the Czech Republic was completed for proceeds of EUR 201 million after price adjustment, including for the capital investments and repairs and rentability.

B. G Israel

- The Company launched a marketing campaign to sell most of its holdings in the G City Rishon Le-Zion office tower that the Company is building. In this context, the Company won a Leumi Health Services tender to purchase 6 floors in the office tower for NIS 155 million and the parties are working towards signing of a sales agreement.
  In view of the marketing campaign that started, the Company reclassified the remaining offices earmarked for sale, in an amount of NIS 340 million, from investment property under development to inventory.
- In August 2025, the Company engaged in an agreement for the sale of its rights in a property in Horev and in its management company (50%) for consideration of NIS 131 million. For further information, see section 6A below

C. Gazit Horizons

- In March 2025, the acquisition of an income generating property in Fort Lauderdale was completed for USD 35.4 million.

D. Gazit Brasil

- In July 2025, the Company completed the sale of land in Paulista in Sao Paulo for consideration of BRL 49 million.

3.1.2. Financing activities and other significant events

A. In March 2025, the Company issued in a private placement, by means of expansion of a marketable series, NIS 295.6 million par value Debentures (Series P) secured by a fixed lien on G Europe shares held by wholly-owned subsidiaries of the Company, for a gross amount of NIS 304.4 million at effective interest of 5.05% (linked to the CPI).

B. In May 2025, the Company issued in a private placement, by means of expansion of a marketable series, NIS 71 million par value Debentures (Series O), which are secured by a lien on real estate assets, for a gross consideration of NIS 78.8 million and at an effective annual interest rate of 3.59% (CPI-linked). As part of this expansion the Company undertook to pledge two additional real estate properties in Israel in favor of the holders of the debentures (in Rishon LeZion and Tel Aviv).

C. In May 2025, the Company issued in a private placement, by means of expansion of a marketable series, NIS 440 million par value Debentures (Series U), for a gross total consideration of NIS 436 million and at effective interest of 5.05%, (CPI-linked). As part of this expansion, the Company pledged 35 million additional shares of the CTY subsidiary in favor of the debenture holders. Following the expansion of Series U, the series became a material series pursuant to Regulation 10(B)(13)(a) of the Securities Law (Periodic and Immediate Reports), 1970

D. In June 2025, the Company issued to the public, under the shelf offering memorandum, by way of the expansion of the series, NIS 430 million par value Debentures (Series N), for a gross total consideration of NIS 423 million and at effective interest of 5.65%, (CPI-linked). Debentures (Series N) are not secured.

E. Subsequent to reporting date, in July 2025, the Company issued in a private placement, by means of expansion of a marketable series, NIS 353.5 million par value Debentures (Series M) (which are unsecured) for gross consideration of NIS 404.5 million and at effective interest of 5.03% (CPI-linked).

F. In February 2025, G Europe completed the proactive full early redemption of outstanding Debentures (Series 2025) for an amount of EUR 85 million.

G. In March 2025, CTY bought back EUR 100 million par value Debentures (Series 2026) for an amount of EUR 97 million, by way of tender offer.

H. In March 2025, the S&P Maalot rating agency ratified the rating for CTY's debentures as BBB- and downgraded CTY's issued rating to BB+ with stable outlook.

I. In April 2025, CTY issued EUR 450 par value debentures (unsecured) bearing annual interest of 5.37% and that are repayable in July 2031.

J. In April 2025, CTY bought back EUR 100 million par value Debentures (Series 2026) for an amount of EUR 97 million, by way of tender offer.

K. In June 2025, CTY bought back EUR 100 million par value Debentures (Series 2027) for an amount of EUR 97 million, by way of tender offer.

L. In the reporting period, the Company bought back NIS 22 million par value Debentures (Series N) of the Company for NIS 22 million. The effect of the early redemption on the Group's statement of income was immaterial.

M. In the reporting period, G Europe bought back EUR 7 million par value Debentures (Series 2027), for NIS 6.3 million. The effect of the early redemption on the Group's statement of income was immaterial.

N. In the reporting period and through to reporting date, the Company bought back 5.6 million shares of the Company for NIS 67 million.

2. For the shopping centers only.
3. Change in net cash flow from similar properties in the reporting period compared to the corresponding period last year.
4. OCR (Occupancy Cost Ratio) is the rent and management to proceeds ratio. The Company does not receive proceeds data in the commercial properties of Horizons.
5. Without residential properties. The decrease in average monthly apartment rents compared to the corresponding period is mainly due to a new property with lower rents acquired during the reporting period.
6. For shopping centers only, without leases based solely on revenue.
7. The decrease in average monthly rent compared to the corresponding period is mainly due to the sale of 50% of four high rent residential properties at the end of 2024.

* The foregoing data includes information about projects in planning and under construction (including expected additional space, completion schedules, expected developers' profit, completion costs and expected annual NOI) which constitute forward-looking information as defined by the Securities Law, 1968. The foregoing estimates are based on the Company's estimates to date, they are uncertain, may not materialize and are mainly outside the Company's control and depend, among other things and as aforesaid, on the economic situation and the real estate market in the various markets where the properties are located and in which the Company operates, as well as manifestation of the risk factors relevant to the Company's operations (as set out in section 28 of the report). If the foregoing market conditions change or any of the risk factors materialize, it is possible that changes may apply in the estimated schedules, costs and NOI, respectively.

3.3. Effect of the Macro-economic Environment on the Group's operations

The Group's activity is affected by the macro-economic environment (inter alia, population growth/decrease, private consumption volumes, unemployment rates and level of demand) in the various countries in which it operates. These parameters to some extent impact occupancy rates of the properties, the level of rents, the Group's ability to increase its revenues over time, and the scope and potential of investments and development. For further information concerning the general environment and the effect of external factors on the Company's operations, including the impact of the war in Israel, see section 5 of the chapter on the description of the Company's business and the update thereto.

Below is a breakdown of macro-economic data for the countries in which the Group operates*:

	Growth (GDP)					
	2025 forecast	2024	Unemployment rate in 2025	CPI forecast for 2025	Nominal return on government bonds (10 years)	Credit rating (S&P)
Israel	3.10%	0.43%	3.00%	3.05%	4.20%	A
Poland	3.30%	2.90%	5.10%	3.70%	5.42%	A
Finland	0.85%	(0.18%)	8.90%	1.80%	3.04%	AA+u
Norway	1.36%	0.60%	4.00%	2.70%	3.96%	AAAu
Brazil	2.30%	3.40%	6.80%	5.20%	14.06%	BB
Sweden	1.45%	0.95%	8.70%	0.85%	2.48%	AAAu
USA	1.50%	2.80%	4.30%	2.90%	4.40%	AA+u
Canada	1.40%	1.53%	7.03%	2.07%	3.55%	AAA

* Data source: Bloomberg July 2025

Furthermore, 96% of the Group's debt is long term at fixed interest (after hedging transactions) and therefore in the short term the Company does not expect that the domestic interest rate increase will not significantly affect the Company's financing expenses. At the same time, the Company is aware that the debt raising costs will grow in line with the increase in market interest rates and estimates that the debt raising costs will increase in accordance with additional increases in the market interest rate, if there will be any.

For information reading the exposure to CPI changes, see section 2.4 above.

It is hereby clarified that the Company is unable to estimate the future effects of the macro-economic changes on its operations and if the foregoing changes will lead to a global recession it could adversely affect the Group's operations and results. For further information see the chapter on Risk Factors in the Company's periodic report for 2024.

3.4. Dividend Distribution Policy

The Company has a long-term policy to share its profits with the Company's shareholders by means of ongoing quarterly dividend distributions, subject to the Company's cash flows, business plans, legal restrictions and the Company's liabilities. In March 2025, the Company's Board of Directors approved a quarterly dividend distribution policy for 2024 at NIS 0.10 per share (reflecting annual rate of NIS 0.50 per share for 2025), after reviewing the Company's financial position, including its projected cash flow, and based on the progress of the property disposal plan as announced by the Company on October 25, 2022, and as revised from time to time, as well as additional considerations, and pursuant to the distribution tests set in the Companies Law, 1999 ("Companies Law").

3.5. Financial Position

3.7. Liquidity and sources of finance

The Company and its subsidiaries have a policy of maintaining an adequate level of liquidity that enables taking advantage of business opportunities in its operating segments and flexibility in accessibility to sources of finance.

The sources of liquidity of the Company and its subsidiaries are cash generated from its income-producing property, raising of debentures, hybrid debentures, convertible debentures, equity, credit lines, and long-term loans (including loans backed by liens on properties) used mainly for acquisition, development and redevelopment of income-producing property, settlement of liabilities, investments in investees and other investments.

As at June 30, 2025, the Company and its subsidiaries have unutilized approved long-term credit facilities[3] available for immediate withdrawal and liquid balances of NIS 2.6 billion (of which NIS 1.4 billion for the Company and its wholly-owned subsidiaries) which includes cash and short-term deposits of NIS 1.1 billion and have unutilized approved long term credit facilities available for immediate withdrawal in the amount of NIS 1.5 billion.

As at June 30, 2025, the Company and its subsidiaries also have unencumbered investment property and investment property under development, which is carried in the books at its fair value of NIS 16.7 billion (53.5% of the total investment property and investment property under development).

Of these, regarding the expanded solo information, the Company has properties that are not encumbered worth NIS 4.0 billion (NIS 2.6 billion in G Europe, NIS 0.9 billion in the US, NIS 0.4 billion in Brazil and NIS 0.1 billion in Israel).

As at June 30, 2025, based on the Company’s consolidated financial statements, the Company has negative working capital of NIS 0.2 billion, and based on the Company’s Solo financial information negative working capital of NIS 0.6 billion and negative FFO. Moreover, the Company has (extended Solo) positive FFO, see section 2.2 below. However, the Company has at its disposal, on a consolidated and expanded Solo basis (including wholly-owned subsidiaries), approved long-term credit lines[1] available for immediate withdrawal amounting to NIS 1.5 billion and NIS 0.7 billion, respectively. According to Group policy, the Group usually finances its activities through revolving credit lines, and raises equity and long-term debt from time to time, in accordance with the market conditions. The Company’s Board of Directors examined the existence of such negative working capital and negative cash flows from current operations, and tested whether this could indicate a liquidity problem in the Company, and this by reviewing the Company's cash flow projections, and determined that, in light of the scope of the foregoing sources available to the Company and its subsidiaries, including the scope of unencumbered properties, as set out above, the ability to refinance debts secured by real estate, and the positive FFO, consolidated and extended Solo, including other cash flows, its existence does not indicate that the Company or its subsidiaries have a liquidity problem, and therefore it is unnecessary to attach cash flow projections.

3.8. Cash flows

Operating cash flow in the reporting period and in the quarter amounted to NIS 271 million and NIS 258 million, respectively, compared to NIS 282 million and NIS 158 million in the corresponding period last year.

In the reporting period, the Company and its subsidiaries financed their operations mainly by disposing of investment property in a net amount of NIS 537 million, and the issue of debentures for a net amount of NIS 99 million. These cash flows were mainly used to repay loans and lines of credit in a net amount of NIS 1,820 million.

In the second quarter, the Company and its subsidiaries financed their operations mainly by issuing debentures for a net amount of NIS 881 million. These cash flows were primarily used to repay loans and lines of credit in a net amount of NIS 1,083 million and for investing in investment properties for a net amount of NIS 125 million.

3.9. Purchase plan

A. On March 19, 2025, the Company’s Board of Directors resolved to adopt a new plan for the buyback of debentures of the Company (in lieu of the earlier plan) in an amount of up to NIS 300 million par value, with regard to all outstanding debenture series, which is valid until March 31, 2026. Acquisitions are to be made under the plan from time to time, at the discretion of the Company’s management. Up until date of publication of this report, the Company has bought back an amount of NIS 22 million par value debentures under this plan.

[3] Signed credit lines with financial institutions, secured by properties, pursuant to which these institutions are obligated to provide the Group with the foregoing credit subject to complying with the terms prescribed in the agreements and with respect to which the Group Companies pay various commissions, including a credit allocation fee.

B. On March 19, 2025, the Company's Board of Directors resolved to adopt a program for the buyback of Company shares for an amount of up to NIS 100 million, effective through to March 31, 2026 (replacing the earlier plan). Acquisitions are to be made under the plan from time to time, at the discretion of the Company's management, subject to compliance with the distribution tests. Through to date of publication of this report, the Company has bought back 5.6 million shares at a cost of NIS 67 million. In August 2025, the Company's board of directors approved a buyback plan, replacing the previous plan, as set out below.

C. On August 14, 2025, the Company's Board of Directors resolved to adopt a new plan for the buyback of the Company shares in an amount of up to NIS 120 million, valid until August 31, 2026. Acquisitions are to be made under the plan from time to time, at the discretion of the Company's management, subject to compliance with the distribution tests. This plan replaces the plan that was approved in March 2025.

4. Reporting of Exposure to Market Risks and their Management

4.1. The individuals responsible for the matter of reporting and market risk management in the Company are the CEO and CFO of the Company. The Group operates in a large number of countries, therefore it is exposed to currency risks resulting from the exposure to the fluctuations of exchange rates in different currencies, mainly to the Euro, USD and BRL. Since March 19, 2025, 9date of approval of the Company's annual report), and as at reporting date there have been no material changes in market risks and means of their management, other than as set out in section 4.4.

4.2. In the period from January 1, 2025, through to the date of approval of the financial statements, the individuals responsible for reporting and managing the Company's market risks have held and continue to hold regular discussions concerning exposure to market risks, including changes in exchange rates and interest rates. In addition, during the foregoing period, the Company's Board of Directors discussed these risks and the Company's policy regarding them at meetings in which, among other things, they approved the financial statements, as well as at other meetings specifically on this issue.

4.3. Changes in foreign currency exchange rates – from January 1, 2025, through June 30, 2025, the NIS devalued against the EUR and the BRL by 4.2% and 5.7%, respectively, and appreciated against the USD and CAD by 7.5% and 2.7%, respectively. With regard to the effect of exchange rate changes on the Company's equity as at June 30, 2025, see Appendix A of the Directors' Report. In addition, from June 30, 2025, until immediately prior to the date of approval of this report, the NIS depreciated against the Euro, USD, and BRL by 0.1%, 0.4%, and 1.2%, respectively, and the NIS appreciated against the CAD by 0.4%..

Moreover, some of the Company's liabilities are linked to CPI changes in Israel (mainly for its operations in Israel). As of January 1, 2025, through June 30, 2025, the CPI (known) rose by 1.6%. Moreover, since March 31 through to immediately prior to the date of approval of this report, the (known) CPI rose by 0.3%. For further information concerning index swap transactions that the Company engages in to align index-linked revenues with index-linked interest-bearing expenses, see section 2.4 above.

4.4. The Company usually maintains a high correlation between its property mix in the different functional currencies and the equity exposure to those currencies, by engaging in hedge transactions from time to time to manage the currency exposure. Furthermore, the Company's management regularly reviews the currency linkage balance and responds according to exchange rate developments. In recent years, in view of the relatively high volatility of forex rates against the NIS, which significantly increases liquidity risks, the Company has taken steps to temporarily hedge the bulk of the derivatives portfolio. As of Q1 2025, the Company is working to gradually re-increase the scope of hedging transactions in order to improve the foregoing correlation.

For further information concerning the Company's currency exposure to its operating currencies (EUR, USD, CAD, NIS and BRL) as at June 30, 2025, see the table attached as Appendix A to the Directors' Report.

5. Corporate Governance Aspects

Contributions

The Company considers itself committed to caring for and assisting the communities in which it operates, in accordance with the social investment policy approved by its management. In the reporting period, the Group made donations to a variety of projects in the fields of education, culture, welfare and health in the various countries in which the Company operates.

A. Most of the Group's social investment during the reporting period was directed to education in favor of the "To the South" project which the Company founded more than ten years ago. As part of this project, the Company supports the education systems in the outlying towns and villages in the Negev, including support for elementary and high schools, kindergartens and day care centers.

B. Community involvement – the Group supports a variety of social organizations in the fields of welfare, health and culture, through financial donations and volunteer work by its employees.

The Group’s total donations in the reporting period amounted to NIS 1 million.

6. Details Concerning the Company’s Publicly-Held Commitment Notes

A. Collateral for debentures (Series O)

The Company’s commitments under the deed of trust for Debentures (Series O) are secured by a first degree fixed lien recorded on the Company's share (50%) in two real estate properties (G Kohav Tzafon and G Savyon) and on two additional real estate properties it owns (51%) (the “Pledged Properties”) and by bank guarantees that, as at reporting date amount to NIS 15 million. The value of the Company's share in the properties pledged for Debentures (Series O) as at June 30, 2025, is NIS 468 million.

Subsequent to reporting date, as part of the expansion of Debentures (Series O), as set out in section 2.1.3B of the report, the Company pledged in favor of the holders of Debentures (Series O) two additional properties, in Tel Aviv and in Rishon LeZion, worth a total of NIS 132 million, and released the bank guarantees as described above. For further information regarding additional collateral provided in favor of debenture holders see the immediate reported issued on May 21, 2025 (Ref. No.: 2025-01-035888) noted here by way of reference.

Furthermore, in August 2025, the Company engaged in an agreement for the sale of its rights (50%) in the Horev property and its management company. The Company's rights in this property were pledged in favor of the Company's debentures (Series O), and in accordance with the provisions of the deed of trust for the debentures; the proceeds from the transaction were deposited into a trust account. The proceeds will be released to the Company concurrently with the deposit of an unconditional autonomous bank guarantee for an amount of NIS 104 million, according to the amount required to meet the loan-to-value (LTV) ratio condition as stipulated in the terms of the debentures

For further information concerning the terms of the debentures and with regard to the foregoing pledged properties, as required pursuant to the Securities Regulations relating to investment real estate, see Note 19C7 to the financial statements of the Company as at December 31, 2024, Appendix B to the Company's Board of Directors Report as at December 31, 2024, and the valuations attached to the periodic report and immediate report dated May 21, 2025, (Ref. No.: 2025-01-035888).

B. Collateral for debentures (Series P)

The Company's obligations under the deed of trust for Debentures (Series P) are secured by a fixed first degree lien on G Europe shares held by wholly owned subsidiaries of the Company. As at the date of this report, 232 million G Europe shares are pledged in favor of the holders of Debentures (Series P).

For further information concerning the terms of Debentures (Series P) see Note 19C6 to the Company's financial statements as at December 31, 2024. For further information concerning G Europe, see G Europe’s financial statements as at June 30, 2025, as published in an immediate report issued by the Company on August 04, 2025 (Ref. No.: 2025-01-057461), where the information contained therein is hereby presented by way of reference.

C. Collateral for debentures (Series R)

The Company's obligations under the deed of trust for Debentures (Series R) are secured by a fixed first degree lien on all of the Company’s holdings in GHI Alpha Portfolio LLC (“G Alpha”), which are held by the Company through Gazit

Horizons Inc., a wholly-owned subsidiary of the Company (indirect) and related rights, as well as a single lien on the bank account of G Alpha. Furthermore, G Alpha provided a guarantee for the Company's liabilities under the deed of trust of Debentures (Series R). G Alpha operates in the income generating real estate sector in the United States.

In the reporting period, Gazit Horizons Inc. transferred to G Alpha its holdings (100%) in an income generating property in Boston worth USD 20 million, free of charge. In view of the foregoing transfer of this property, G Alpha holds seven income generating properties in the US, which as at reporting date are worth USD 311 million.

Furthermore, in the reporting period G Alpha distributed a dividend to its shareholders in an amount of USD 11 million, which was transferred to the Company from the trust account.

For further information concerning the terms of Debentures (Series R) see Note 19C4 to the Company's financial statements as at December 31, 2024. For further details regarding G Alpha, as required pursuant to the regulations of the Israel Securities Authority regarding investment property activity, see Chapter A to the periodic report.

D. Collateral for debentures (Series S)

The Company's commitments under the deed of trust for Debentures (Series S) are secured by a second degree mortgage on all the Company's rights in a real estate property owned by the Company (the G complex in Rishon LeZion), and a fixed second degree lien on the pledged revenue from the pledged properties (as defined in the deed of trust), as set out in section 5 of the deed of trust for Series S, attached as Appendix B to the shelf offering memorandum of the Company issued on April 9, 2024 (Ref. No.: 2024-01-041019) and amendment to the deed of trust issued on October 28, 2(Ref. No.: 2024-01-612201), where the information presented therein is noted here by way of reference. The value of the foregoing pledged property as of June 30, 2025, is NIS 2,104 million. The Company is acting to sell part of the office tower that it is building in the G Rishon Le-Zion complex, which is pledged in favor of Debentures (Series S). Prior to the sale of sections of the tower, the Company intends to negotiate with the trustee for Debentures (Series S) to release the foregoing sections from the lien, pursuant to the provisions of the deed of trust. Accordingly, thus far the trustee for the debentures has signed a letter excluding six floors in the office tower from the second degree lien registered to secure the debentures, pursuant to the provisions of the deed of trust.

For further information concerning the terms of Debentures (Series S) see Note 19C3 to the Company's financial statements as at December 31, 2024.

For further information regarding the foregoing pledged property, as required pursuant to the regulations of the Israel Securities Authority regarding investment property activity, see Chapter A to the periodic report.

E. Collateral for debentures (Series T)

The Company's obligations under the deed of trust for Debentures (Series T) are secured as follows: (1) a first degree mortgage, limited in an amount equivalent to 175% of the principal of the debentures, on the rights in land in Warsaw, Poland (G Targowek), that is wholly owned by a wholly owned (indirect) subsidiary of the Company (in this section: the "Property Company"); (2) a first degree lien, limited to an amount equivalent to 175% of the principal of the debentures on movable assets and other assets owned by the property company (other that the real estate property); (3) a first degree lien limited to an amount equivalent to 175% of the principal of the debentures on all the bank accounts of the property company; (4) endorsement of the property company's rights in pledged revenue (as defined in the deed of trust), and as per the terms set out in this deed; (5) a first degree lien, limited to an amount equivalent to 175% of the principal of the debentures on the entire share capital of the company that holds the property company (the "Parent Company"); and (6) endorsement of the rights of the parent company in the shareholders' loans it provided to the property company, all as set out in section 5 of the deed of trust for Debentures (Series T) attached as Appendix B to the shelf offering memorandum issued by the Company on July 14, 2024 (Ref. No.: 2024-01-073495) and the amended deed of trust issued on February 6, 2025 (Ref. No.: 2025-01-009257), where the information presented therein is noted here by way of reference. The value of the foregoing pledged property as of June 30, 2025, is EUR 248 million.

For further information concerning the terms of Debentures (Series T) see Note 19C2 to the Company's financial statements as at December 31, 2024.

For further information regarding the foregoing pledged property, as required pursuant to the regulations of the Israel Securities Authority regarding investment property activity, see Chapter A to the periodic report.

F. Collateral for debentures (Series U)

The Company's obligations under the deed of trust for Debentures (Series U) are secured by a first degree fixed lien on custodian accounts in which CTY shares held by a held by the Company and a wholly owned subsidiary of the Company are deposited ("Pledged Companies" and "Pledged Share Accounts", respectively) and all the Pledged Companies' rights in the pledged share account with everything deposed therein (other than exceptions). For further information, including with regard to the custodian agreement, see section 5 of the deed of trust, attached as Appendix B to the Company's shelf offering memorandum as amended on October 28, 2024 (Ref. No.: 2024-01-611780), where the information contained therein is presented here by way of reference.

In May 2025, the Company carried out a private offering of Debentures (Series U) under which the Company pledged 35 additional CTY shares. To date 54.7 million CTY shares are held in the custodian accounts.

For further information concerning the terms of Debentures (Series U) see Note 19C1 to the Company's financial statements as at December 31, 2024. For further information concerning CTY, see CTY's financial statements as at June 30, 2025, as published in an immediate report issued by the Company on August 7, 2025 (Ref. No.: 2025-01-058546), where the information contained therein is hereby presented by way of reference.

G. The deeds of trust under which the outstanding debentures were issued do not impose restrictions on the Company regarding the creation of additional charges on the Company's assets that were not pledged in favor of these debentures or with regard to the Company's authority to issue additional debentures, other than the undertaking to create a negative floating charge in favor of the holders of debentures (Series M, N, P, Q, R, S, T, and U).

H. For further information concerning the expansion of debenture series M, R, O, P, and U, see Notes 3A3, 3A9, 3A10, 2A11, and 5B to the financial statements.

I. For further information concerning the buyback of Debentures (Series N), see Note 3A8 to the financial statements.

Update of the Description of the Company's Business of G City to the 2024 Periodic Report

Pursuant to Regulation 39A of the Securities Regulations (Periodic and Immediate Reports) 2015, below is information regarding material changes or renewals that occurred in the Company's business operations since publication of the Company's Period Report for 2024 (the "Periodic Report"), in any matter required to be described in the Periodic Report.

Update of section 2 - Investments in the Company's capital and transactions in its shares in the last two years

A. As of January 1, 2025, through to shortly prior to the date of publication of this report, the Company issued 44,690 par value Shares to Company officers and employees as a result of the vesting of the convertible securities allotted to them under the terms and conditions of their employment.

B. As at January 1, 2025, and through to date of publication of this report, the Company has bought back 5.6 million shares of the Company for NIS 67 million.

C. In July 2025 the Company issued 316 par value shares as a result of conversion of NIS 5,400 par value convertible Debentures (Series Q).

Update of section 3 - Distribution of dividends in the past two years

A. On April 9, 2025, the Company distributed a dividend to its shareholders in an amount of NIS 25 million (NIS 0.125 per share).

B. On June 16, 2025, the Company distributed a dividend to its shareholders in an amount of NIS 25 million (NIS 0.125 per share).

C. For further information regarding the dividend announced by the Company subsequent to reporting date see Note 5A to the financial statements.

Update of section 5 - Financial environment and the effects of external factors on the Company's operations

A. **Fluctuations in inflation rates, interest rates and currencies** - In July 2025, the Bank of Israel Research Department published a macroeconomic forecast according to which the GDP is expected to grow by 3.3% in 2025 and by 4.6% in 2026. The inflation rate in 2025 is expected to be 2.6% and to decline in 2026 to 2.0%. The baseline scenario does not assume resumption of fighting at the end of Operation Rising Lion, escalation of the fighting in Gaza nor the imposition of significant restrictions on the home front. The forecast also takes into account an expected resumption of the impact of the US tariff plan (see section G below), assuming that the current tariffs will remain in place. The unemployment rate is expected to remain very low at 2.9%-3.3% while maintaining a debt-to-GDP ratio of 70%-71%. The Division assumes that the Bank of Israel base interest is expected to average at 3.75% in the second quarter of 2026. It is emphasized that the forecast is made under higher than usual uncertainty, with the possibility that the results of the war will lead to reducing security risks and potentially broader regional accords that could increase demands and increase investments in the economy over the coming years. Conversely, the absence of sustainable accords or prolonged fighting could lead to limited supply, slowdown of growth and intensification of budgetary deficit. In May 2025, the international rating agency S&P Global Ratings ratified the rating for the State of Israel as A with negative outlook.

B. **Swords of Iron War** - in October 2023, the Hamas terror organization launched a murderous terrorist attack on the State of Israel, which led to the start of the Swords of Iron War. Since then, the State of Israel has been waging war on various fronts, including in the north of the country, against Iran and the Houthis. Moreover, in June 2025, Operation Rising Lion commenced against Iran and waged for two weeks. As at date of publication of this report, there is uncertainty regarding the continuation, nature and intensity of the fighting. The war has an extensive impact on the economy, and the effects are largely dependent on the development of the war on the various fronts and on the various scenarios, including the effects on the domestic economy, effect on consumption and on the business sector, the capital market, changes in exchange rates and interest rates. The Company routinely monitors the effects of the war. The Company estimates that the Swords of Iron War and Operation Rising Lion did not have a significant effect on the Company’s businesses and its financial results. For further information, see section 5 to the Description of the Corporation's Business in the periodic report.

C. **US tariff program -** in April 2025, the Trump Administration announced the imposition of reciprocal tariffs on import into the US of goods from many countries worldwide, with imports from Israel subject to a tariff of 15%. The tariff applies to goods only and not to services. The Company's operations are not directly affected by the U.S. tariff program, as the program does not apply with respect to receipt of services. The Company continuously examines the implications and effects of the U.S. tariff program and the countermeasures taken by other countries, on market conditions and the economic environment in which it operates. As at reporting date, the Company is unable to estimate the effect of this tariff program on its business operations. Nonetheless, the Company believes that the effect, if any, is not expected to be substantial for its operations.

The Company's estimates regarding the impact of macroeconomic events, including the effects of the War in Israel, inflation rates, changes in exchange rates, the US tariff program, and interest rates in the various territories, as well as the effects of any other specific crisis in the country and/or certain countries in which the Company operates, on its operations, revenues, profits and financial status constitute forward-looking information as defined in the Securities Law, 1968. These estimates are based on assumptions and estimates of the company and the group companies as of the date of this report, but they are uncertain, may not materialize or may materialize significantly differently to that expected, among other things due to them being affected by factors outside of the control of the company. The continuation of the state of war, its expansion to other regions of the country and the involvement of other countries, the imposition of sanctions against Israel, changes in the directives issued by the State and the Home Front Command, the pace of the recovery of the Israeli economy, as well as growth trends in Israel and globally, and other macro-economic changes that may result from the foregoing, including continuing rise in inflation and market interest rates, continuation or deterioration of the global economic crisis, could impact the company's operations and its financial results in a manner different to the estimates set out above.

AUDITORS' REVIEW REPORT TO THE SHAREHOLDERS OF G CITY LTD.

Introduction

We have reviewed the accompanying financial information of G City Ltd. and subsidiaries ("the Company"), which comprises the condensed consolidated statement of financial position as of June 30, 2025 and the related condensed consolidated statements of profit or loss, comprehensive income, changes in equity and cash flows for the six and three months periods then ended. The Company's board of directors and management are responsible for the preparation and presentation of interim financial information for these interim periods in accordance with IAS 34, "Interim Financial Reporting" and are responsible for the preparation of this interim financial information in accordance with Chapter D to the Securities Regulations (Periodic and Immediate Reports), 1970. Our responsibility is to express a conclusion on this interim financial information based on our review.

We did not review the condensed interim financial information of a certain subsidiary, whose assets constitute approximately 46% of total consolidated assets as of June 30, 2025 and whose included in consolidation constitute approximately 51% of total consolidated revenues for the six and three months periods then ended. The condensed interim financial information of those companies was reviewed by other auditors, whose review reports have been furnished to us, and our conclusion, insofar as it relates to the financial information in respect of those companies, is based on the review reports of the other auditors.

Scope of review

We conducted our review in accordance with Review Standard (Israel) 2410 of the Institute of Certified Public Accountants in Israel, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards in Israel and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review and the review reports of other auditors, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with IAS 34.

In addition to the abovementioned, based on our review and the review reports of other auditors, nothing has come to our attention that causes us to believe that the accompanying interim financial information does not comply, in all material respects, with the disclosure requirements of Chapter D to the Securities Regulations (Periodic and Immediate Reports), 1970.

NOTE 1 – General

A. These financial statements have been prepared in condensed format as at June 30, 2025, and for the six months then ended (the "Reporting Period") and for the three months then ended (jointly - the "Consolidated Interim Financial Statements"). The financial statements should be read in conjunction with the Company's annual financial statements as at December 31, 2024, for the year then ended, and their accompanying notes, which were approved by the Company's board of directors on March 18, 2025 (the "Annual Financial Statements").

B. As at June 30, 2025, (the "Reporting Date") the consolidated Company (the "Group") had working capital deficit in the amount of NIS 0.2 billion. The Group has unused approved credit facilities in the amount of NIS 1.5 billion available for immediate withdrawal. The Company's management believe that the foregoing sources, with the addition of the proceeds from the issue of debentures executed subsequent to the reporting date in an amount of NIS 0.4 billion, the positive cash flows from operating activities, including the cash flow projection and the scope of unpledged assets and the ability to refinance debts secured by the Company's rights in land and shares of its subsidiaries, will allow each of the Group companies to meet their short term repayment liabilities.

C. State of the Company affairs and liquidity:

The Company has a long term policy to maintain an adequate level of liquidity to allow the Company to meet its liabilities, to exploit opportunities in its operating sectors, and to have flexible financing sources. This is achieved by issuing equity and assuming long-term financing, including through the issue of debentures, bank loans and mortgages, against investments in long term assets.

It should be noted that the Company and its wholly-owned private subsidiaries have positive cash flows from ongoing operations. It is clarified that there is no impediment to transferring funds from a wholly-owned subsidiary through distribution of dividend or receipt of a loan (subject to the distribution tests pursuant to the relevant law, and obligations towards third parties).

Furthermore, the Company has binding lines of credit (mostly unutilized) with financial institutions in significant amounts, as part of which the Company and/or its wholly-owned subsidiaries may utilize credit for various periods according to their needs, and subject to compliance with the criteria set out in these agreements. As at June 30, 2025, the Company and its wholly-owned subsidiaries have such secured revolving credit facilities from several local and international banks and local and international financial institutions, for a total amount of NIS 0.9 billion, of which NIS 0.2 billion have been utilized as at the foregoing date. Shortly prior to the publication date of this Report, the balance of these credit facilities was NIS 0.8 billion, of which NIS 0.1 billion was used.

These credit facilities are with financial institutions with which the Company has long term relationships, and they are renewed from time to time for periods of three to four years, and as at date of publication of this report, most of these facilities end in 2027. In light of past experience, the Company expects it could extend the credit facilities before their due date.

The credit facilities of the Company and its subsidiaries include financial covenants including, inter alia, minimal equity, leverage rate, utilized debt ration to collateral value and etc., as at June 30, 2025, and immediately prior to the date of publication of this report, the Company and its subsidiaries are in compliance with all these financial covenants.

The Group's strategy is to focus on urban properties, while strengthening its capital and reducing leverage, and as part of this, in September 2024 the Company adopted a strategic plan for 2028 (the "2028 Strategic Plan"), which relates to multi-divisional growth:

NOTE 1 – General (cont.)

C. State of the Company affairs and liquidity (cont.):

(a) Organic growth - with the correct tenant mix, increase in number of visitors to the properties and increased proceeds in the Group's existing properties; (b) Enhancement of the Group's property rights - through expansion and development of existing properties, and adding uses such as residential, offices and others; and (c) Selective acquisition of properties with the potential to improve the Group's core business goals and their betterment, planning and building properties for sale, and (d) To continue selling properties/entering into partnerships in properties that have been improved and properties that the Company builds or will build for selling.

Such properties are acquired and sold while maintaining appropriate liquidity and balance sheet ratios, and for the purpose of strengthening the Company's equity and lowering the LTV ratio to 50% by the end of 2028.

The scope of disposal of properties and the Group's rate of progress in such disposal, including the pace at which the properties have been put up for sale according to the various countries in which G City Group operates is dynamic and is carried out according to the market conditions in the various countries in which the Company operates, and pursuant to the discretion of the Company’s management, while taking macro-economic and Company specific considerations into account, and by balancing the Company's needs to the value of its assets and may change as a result of macro-economic changes as well as due to generation or absence of business opportunities to promote certain parts of the strategic plan.

The 2028 Strategic Plan follows the disposal plan announced by the Company in October 2022 for disposal of non-core properties or properties that Company has accomplished their improvement.

As of date of publication of this report, the Group completed the disposal of properties for a total amount of NIS 5.3 billion, as follows: G Europe - NIS 3.6 billion; G Israel - NIS 0.6 billion; Gazit Horizons - NIS 0.6 billion; Gazit Brazil - NIS 0.5 billion.

Moreover, the Company is considering establishing a new legal entity ("the Corporation") to which, initially, real estate companies (currently owned by G Europe) will be transferred. These include three income generating properties in Poland, located outside of Warsaw, worth a total amount of approx. EUR 450 million as of June 30, 2025. The Company intends to exercise its control over the Corporation while raising secured debt by the Corporation, and retaining a minority stake therein, among other methods, through a public offering of the majority of the Corporation’s shares, the establishment of an investment fund, or by another method. At the same time the Company will provide management services for the Corporation’s properties, leveraging its existing management platform capabilities, in exchange for customary management and success fees. At this stage, there is no certainty that such a Corporation will indeed be established, and the Company will continue to explore alternative options for disposing of the foregoing properties and/or other properties, as well as for further reducing its leverage.

Note 1 – General (contd.)

D. **Swords of Iron War**:

In October 2023, the Hamas terror organization launched a murderous terrorist attack on the State of Israel, which led to the start of the Swords of Iron War. Since then, the State of Israel has been waging war on various fronts, including in the north of the country, against Iran and the Houthis. Moreover, in June 2025, Operation Rising Lion commenced and continued for two weeks. As at date of publication of this report, there is uncertainty regarding the continuation, nature and intensity of the fighting. The war has an extensive impact on the economy, and the effects are largely dependent on the development of the war on the various fronts and on the various scenarios, including the effects on the domestic economy, effect on consumption and on the business sector, the capital market, changes in exchange rates and interest rates. The Company routinely monitors the effects of the war. The Company estimates that the Swords of Iron War and Operation Rising Lion did not have a significant effect on the Company’s businesses and its financial results.

E. US tariff program:

In April 2025, the Trump Administration announced the imposition of reciprocal tariffs on import into the US of goods from many countries worldwide, with imports from Israel subject to a tariff of 15%. The tariff applies to goods only and not to services. The Company's operations are not directly affected by the U.S. tariff program, as the program does not apply with respect to receipt of services. The Company continuously examines the implications and effects of the U.S. tariff program and the countermeasures taken by other countries, on market conditions and the economic environment in which it operates. At this stage the Company is unable to estimate the effect of this tariff program on its business operations. Nonetheless, the Company believes that the effect, if any, is not expected to be substantial for its operations.

F. Definitions in these financial statements:

The Company	-	G City Ltd. (formerly Gazit-Globe Ltd.)
G Europe	-	G City Europe Limited (formerly Atrium European Real Estate Limited), a subsidiary
CTY	-	Citycon Oyj, a subsidiary.

Note 2 - Significant Accounting Policies

A. Preparation format of the Condensed Consolidated Interim Financial Statements

The Condensed Consolidated Interim Financial Statements have been prepared in accordance with IAS 34, Interim Financial Reporting and in accordance with the disclosure requirements of Chapter D of the Securities Regulations (Periodic and Immediate Reports), 1970.

The main accounting policy and calculation methods applied in the preparation of these Consolidated Interim Financial Statements are consistent with those applied in the preparation of the Annual Financial Statements, as well as the following:

Operating cycle

The Group has two operating cycles. With regard to inventory of offices held for sale, the operating cycle exceeds one year and could continue for three or four years. With regard to other operations, the operating cycle is one year. Consequently, with regard to the construction work for the offices held for sale inventory, where the operating cycle is longer than one year, the assets and liabilities directly relating to those operations are classified in the statement of financial position under current assets and liabilities based on the operating cycle.

Inventory of offices held for sale

Cost of inventory of offices held for sale includes direct identifiable costs with respect to cost of land acquisition, such as purchase tax, fees and levies, as well as construction costs.

The cost of land includes borrowing costs that apply to financing the project until its completion, planning and designing costs, indirect construction cost that were allocated and other related costs.

Inventory of buildings and apartments for sale is measured at the lower of cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business less estimated costs of completion and the estimated selling costs.

Costs of inventory of development real estate are allocated to each sales contract separately, as described below:

1. Identifiable direct costs are allocated individually to each office.
2. Cost of land is allocated to contracts according to the sales price ratio at the time of initial marketing.
3. Shared construction costs that are not separately identifiable for each apartment are allocated according the size of the apartment and per meter construction costs pro rata to the costs for the entire building.
4. When investment real estate is classified to inventory, the initial costs of inventory are fixed according to the estimated fair value of the inventory on the date on which it is classified as inventory.

Recognition of income

Revenue from contracts with customers is recognized in profit or loss when control of the asset or service is transferred to the customer. The transaction price is the amount of the consideration that is expected to be received based on the contract terms, excluding amounts collected on behalf of third parties (such as taxes).

The Company has begun operating in the real estate sector in development, construction and sale of offices. The Company classified investment property under development as inventory of offices held for sale, based on the inventory value on date of classification. When engaging in a contract with a customer, the Company recognizes the residential units, offices and commercial spaces as execution obligations.

With regard to the Company's operations in the real estate development sector in Israel, the Company has concluded, based on the legal and regulation provisions in the real estate development sector in Israel and on legal advice that it obtained, that the contracts with its customers do not create alternative use assets for the Company and it is eligible to receive enforceable payment for work completed up to that date. Under such circumstances, the Company recognizes long term income.

The Company applies the cost-based input method for measuring progress of execution when a commitment to execute remains in force over time. The Company believes that using the input method according to which the revenue is recognized based on inputs invested by the Company to comply with execution obligations better reflects the revenue actually generated.

NOTE 2 - Significant Accounting Policies (contd.)

To apply the input method, the Company estimates the cost required to complete the project in order to determine the revenue to be recognized. These estimates include the direct and indirect costs relating directly to the actual contract and that are allocated to each contract separately based on a reasonable pricing key. When measuring the “completion rate” cost, the Company does not include costs that don’t reflect execution progress such as cost of land, fees, levies and taxes and credit costs.

The Company determines the completion rate used to recognize revenue for each sales contract based on the overall progress of the building or project, as applicable. This approach is applied as long as the property to which the agreement applies cannot be delivered prior to full completion of the building or project.

The Company determines the amount of revenue from each contract based on the transaction price agreed with each individual customer and recognizes revenue separately for each contract.

When the Company begins working on the anticipated contract prior to formal signing with the customer, upon signing the contract, the Company recognizes cumulative revenue in an amount that reflects the stage of completion of the performance obligation on that date.

Note 3 – Material Events in the reporting period

A. Debt raising and redemption in the Group

1. In March 2025, CTY bought back, under a tender offer, EUR 100 million (NIS 402 million) par value debentures for an amount of EUR 97.5 million (NIS 392 million).
2. In February 2025, G Europe completed the proactive full early redemption of outstanding Debentures (Series 2025) for an amount of EUR 85 million par value (NIS 341 million).
3. In March 2025, the Company issued in a private placement, by means of expansion of a marketable series, NIS 295.6 million par value Debentures (Series P) secured by a fixed lien on G Europe shares held by wholly-owned subsidiaries of the Company, for a gross amount of NIS 304.4 million at effective interest of 5.05% (linked to the CPI). The proceeds of the issue were received in April 2025.
4. In March 2025, CTY bought back, under a tender offer, EUR 100 million (NIS 406 million) par value debentures for EUR 97.2 million (NIS 395 million).
5. In April 2025, CTY issued to the public NIS 450 million par value debentures (unsecured) bearing annual interest of 5.375% and that are repayable in July 2031.
6. In June 2025, CTY bought back, under a tender offer, EUR 100 million (NIS 406 million) par value debentures for EUR 97.5 million (NIS 396 million).
7. In the reporting date, the G Europe bought back EUR 7 million (NIS 28 million) par value Debentures Series 2027 for consideration of EUR 6.3 million (NIS 26 million). The effect of the early redemption on the Group's statement of income was immaterial.
8. In the reporting period the Company bought back NIS 22.2 million par value Debentures (Series N) for NIS 21.8 million, the effect of the early redemption on the Company's statement of income was immaterial. The buyback debentures were canceled and delisted.
9. In May 2025, the Company issued in a private placement, by means of expansion of a marketable series, NIS 71 million par value Debentures (Series O), which are secured by a lien on real estate assets, for a gross consideration of NIS 78.8 million and at an effective annual interest rate of 3.59% (CPI-linked). Under the expansion of the series, the Company pledged two additional income generating properties (in Tel Aviv and Rishon Le-Zion) in favor of Debentures (Series O). NIS 52 million of the proceeds of the issue were received subsequent to reporting date.
10. In June 2025, the Company issued to the public, by means of expansion of a marketable series, NIS 430 million par value Debentures (Series N) (unsecured) for gross consideration of NIS 423 million and at effective annual interest of 5.65% (CPI-linked).
11. In May 2025, the Company issued under a private placement, by means of expansion of a marketable series, NIS 440 million par value Debentures (Series U), which are secured by a fixed charge on CTY shares, for gross proceeds of NIS 436 million and at an effective annual interest of 5.05% (CPI-linked).

B. Other events

1. In March 2025, the S&P Maalot rating agency ratified the rating for CTY's debentures as BBB- and downgraded CTY's issued rating to BB+ with stable outlook.
2. In 2019, G Europe initiated liquidation proceedings for subsidiaries in Denmark, which until 2015 were held by Polish companies that held two properties in Poland. In 2020 the Danish company received a positive taxation ruling from the tax authorities in Denmark according to which tax should not be deducted at source for a dividend in kind that was distributed to G Europe Group companies. In April 2025, the tax authorities in Denmark withdrew the binding tax decision and sent the Danish company an assessment for payment in the amount of the withheld tax for the foregoing dividend distributed, in the amount of DKK 135.6 million (EUR 18.2 million, NIS 73.2 million) with added interest. The Danish company filed an appeal against this tax decision. In the opinion of the managements of the Company and of G Europe, based on the opinion of their legal advisors, the likelihood of the appeal being accepted is higher than the likelihood of it being rejected.
3. In the reporting period, the Company bought back 5.3 million shares of the Company for NIS 64 million. The acquired shares are treasury shares.

Note 3 – Material Events in the reporting period (contd.)

4. In May 2025, the Company classified a NIS 340 million investment property under development as inventory of offices held for sale, based on the inventory value on date of classification.

Note 4 - Financial Instruments

A. Fair value of financial instruments

The carrying amounts of certain financial assets and liabilities, including cash, trade and other receivables, short-term loans and borrowings, trade and other payables corresponds to or are close to their fair value.

The fair value and carrying amounts of the other financial liabilities (including current liabilities) presented in the statement of financial position according to their amortized cost are as follows:

	June 30, 2025		June 30, 2024		December 31, 2024	
	Balance	Fair value	Balance	Fair value	Balance	Fair value
	NIS million					
Debentures (Level 1)	17,126	17,186	15,762	15,070	16,573	16,439
Interest bearing liabilities to banks and others (Level 2)	4,945	4,758	7,634	7,290	6,383	6,156
	22,071	21,944	23,396	22,360	22,956	22,595

B. Classification of financial instruments according to fair value level

In the reporting period there were no material changes regarding the classification of financial assets and liabilities that are measured in the financial statements at fair value, compared to their classification as at December 31, 2024. Furthermore, there were no transfers between Level 1 and Level 2 with respect to fair value measurement of any financial instruments, and there were no transfers to or from Level 3 with respect to fair value measurement of any financial instruments.

Note 5 – Subsequent Events

A. On August 14, 2025, the Company announced a dividend in the amount of 12.5 agorot per share (a total of NIS 24.2 million), payable on September 8, 2025, to the shareholders of the Company as at August 28, 2025.

B. Subsequent to reporting date, the Company issued under a private placement, by means of expansion of a marketable series, NIS 354 million par value Debentures (Series M) (unsecured) for gross proceeds of NIS 405 million and at effective annual interest of 5.03% (CPI-linked).

C. In August 2025, Moody’s rating agency ratified the rating for G Europe debentures at B3 and upgraded the rating outlook from stable to positive.

D. Further to the provisions of Note 24(4) to the annual financial statements concerning the civil lawsuit filed by the trustee of Dori Construction Ltd. against the Company and others, in April 2025 the court issued a ruling on the motion filed by the Company to dismiss the lawsuit, as well as on motions to dismiss filed by other defendants (hereinafter: the “Ruling on the Motion to Dismiss”), under which the court partially accepted the Company's motion and ordered the dismissal of the claim on the grounds of statute of limitations with respect to two of the three periods addressed in the claim, as described in the relevant note: the period preceding the discovery of deviations in Dori Construction’s estimates, which led to the filing of the class action against it; and the period between the discovery of said deviations and the sale of control in Amos Luzon Development and Energy Group Ltd. (“Luzon Group”). Regarding the statute of limitations claims pertaining to the third period (the period between the sale of control and the initiation of insolvency proceedings of Dori Construction), as well as other arguments raised by the Company in its motion to dismiss, the court held that these matters should be examined as part of the substantive proceedings and not as part of a preliminary hearing. Furthermore, the court accepted in full the motions to dismiss filed by certain individuals who served as officers and directors of Dori Construction during specific periods, as well as by the Dori Construction's external auditors. The court partially accepted motions to dismiss filed by other officers of Dori Construction, and dismissed the motions to dismiss filed by Luzon Group, as well as by another group of officers. In July 2025, the trustee filed an appeal with the Supreme Court against the decision on the motion to dismiss, arguing that the District Court erred in ordering the summary dismissal of the lawsuit on grounds of statute of limitations with respect to the first two periods.

NOTE 6 - Operating Segments

The Company reports five reportable segments pursuant to the IFRS 8 management approach.

Operating segments were determined on the basis of information reviewed by the Company's board of directors for deciding with regard to allocating resources and assessing performance. Accordingly, with regard to management goals, the Company reports five reportable segments pursuant to the IFRS 8 management approach. The division into segments is based on the geographic location of the Company's operations. The CODM monitors the segment results separately in order to allocate the resources and asses the segment results which, in certain cases, differ from the measurements used in the financial statements, as described in Note 36 to the Company's annual financial statements.

The Northern Europe segment is under a public company controlled by the Company, the other segments are wholly owned by the Company.

Note 7 - Condensed Financial Information of G Alpha (contd.)

Key Notes

1. General

   A. G Alpha is a limited liability company established pursuant to the laws of the State of Delaware in the USA, on October 23, 2023.

   B. G Alpha engages, through companies under its control, in the management of income-generating mixed-use real estate properties, including for commercial and residential rental uses, in densely populated urban areas in large cities in the US, mainly in New York, Boston, and Miami, and as at reporting date, it owns 7 income-generating properties.

   C. On February 4, 2024, Gazit Horizons Inc., which holds the entire capital of G Alpha, transferred to G Alpha its entire holdings in 6 wholly-owned private companies, each of which owns an income-generating property.

   D. On June 26, 2025, Gazit Horizons Inc. transferred to G Alpha its rights in the property company 41 Winter Street LLC, which owns an income generating property in Boston valued at USD 20 million. The transfer was made without cash consideration, by way of shareholders' investment in the company.

   E. Furthermore, in the reporting period G Alpha distributed a dividend to its shareholders in an amount of USD 11 million, which was transferred to its parent company, Gazit Horizons, from a trust account.

   F. Due to the establishment of G Alpha on October 23, 2023 and the transfer of the private companies to it as aforesaid, G Alpha prepared these condensed consolidated financial statements pursuant to the provisions of Regulations 9A and 38B of the Securities Regulations (Periodic and Immediate Reports) 1970, which reflect the results of G Alpha's consolidated operations, as though the consolidated companies that were transferred to it were consolidated in its financial statements in the said periods. All the comparable data and financial information presented above that refer to a period prior to the transfer of the private companies to it, are proforma information.

2. Significant Accounting Policies

   The main accounting policies that were applied in the financial statements attributable to G Alpha are consistent with those applied in the preparation of these consolidated financial statements.

To
The Shareholders of G CITY Ltd.

Dear Sirs/Mmes.,

Re: **Special review report of the separate interim financial information in accordance with Regulation 38d of the Securities Regulations (Periodic and Immediate Reports), 1970**

Introduction

We have reviewed the separate interim financial information disclosed in accordance with Regulation 38d to the Securities Regulations (Periodic and Immediate Reports), 1970 of G City Ltd. ("the Company") as of June 30, 2025 for the six and three months period then ended. The Company's board of directors and management are responsible for the separate interim financial information. Our responsibility is to express a conclusion on the separate interim financial information based on our review.

We did not review the separate interim financial information taken from the interim financial information of investees, whose assets less attributable liabilities net amounted to approximately NIS 2,775 million as of June 30, 2025 and the Company's share of their earnings amounted to approximately NIS (71) million and 8 NIS for the six and three months periods then ended. The separate interim financial information of those companies was reviewed by other auditors, whose review reports have been furnished to us, and our conclusion, insofar as it relates to the financial information in respect of those companies, is based on the review reports of the other auditors.

Scope of review

We conducted our review in accordance with Review Standard (Israel) 2410 of the Institute of Certified Public Accountants in Israel, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards in Israel and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review and the review reports of other auditors, nothing has come to our attention that causes us to believe that the accompanying separate interim financial information is not prepared, in all material respects, in accordance with Regulation 38d to the Securities Regulations (Periodic and Immediate Reports), 1970.

Quarterly Report regarding the Effectiveness of the Internal Control over the Financial Reporting and Disclosure

A. General

1. This separate financial information was drafted in a condensed format as at June 30, 2025, and for the three months then ended, pursuant to the provisions of article 38D of the Securities Regulations (Periodic and Immediate Reports), 1970. This separate financial information should be reviewed in conjunction with the financial information regarding the annual financial statements as at December 31, 2024, and for the year then ended and their accompanying notes, as approved by the Company's board of directors on March 19, 2025, and in conjunction with the condensed interim consolidated financial statements as at June 30, 2025.

2. As at December 31, 2025, (the "Reporting Date") the Company had working capital deficit in the amount of NIS 0.6 billion. The Company and its wholly owned subsidiaries have unused approved credit facilities for an amount of NIS 0.7 billion that can be used immediately. The Company's management believes that these sources, as well as the positive cash flow generated from operating activities of the Company and its wholly owned subsidiaries, will allow the Company to repay its short term liabilities.

3. For further information concerning the effects of the Swords of Iron war on the Company's operations see Note 1D to the consolidated financial statements.

B. Significant events during the Reporting Period

1. In March 2025, the Company issued in a private placement, by means of expansion of a marketable series, NIS 295.6 million par value Debentures (Series P) secured by a fixed lien on G Europe shares held by wholly-owned subsidiaries of the Company, for a gross amount of NIS 304.4 million at effective interest of 5.05% (linked to the CPI). The proceeds of the issue were received in July 2025.

2. In the reporting period the Company bought back NIS 22.2 million par value Debentures (Series N) for NIS 21.8 million, the effect of the early redemption on the Company's statement of income was immaterial. The buyback debentures were canceled and delisted.

3. In May 2025, the Company issued in a private placement, by means of expansion of a marketable series, NIS 71 million par value Debentures (Series O), which are secured by a lien on real estate assets, for a gross consideration of NIS 78.8 million and at an effective interest rate of 3.59% (CPI-linked). Under the expansion of the series, the Company pledged two additional income generating properties (in Tel Aviv and Rishon Le-Zion) in favor of Debentures (Series O). NIS 52 million of the proceeds of the issue were received subsequent to reporting date.

4. In June 2025, the Company issued to the public, by means of expansion of a marketable series, NIS 430 million par value Debentures (Series N) (unsecured) for gross consideration of NIS 423 million and at effective annual interest of 5.65% (CPI-linked).

5. In May 2025, the Company issued under a private placement, by means of expansion of a marketable series, NIS 440 million par value Debentures (Series U), which are secured by a fixed charge on CTY shares, for gross proceeds of NIS 436 million and at an effective annual interest of 5.05% (CPI-linked).

6. In May 2025, the Company classified a NIS 340 million investment property under development as inventory of offices held for sale, based on the inventory value on date of classification. In the second quarter, contracts for the sale of offices were signed for a total amount of NIS 63 million. However, the income and sale costs for the offices that were sold will be recognized in the third quarter once the contingent conditions in these contracts are completed.

7. In the reporting period, the Company bought back 5.3 million shares of the Company for NIS 64 million. The acquired shares are treasury shares.

C. Financial instruments

1. Fair value of Financial Instruments:

The carrying amounts of certain financial assets and liabilities, including cash, trade and other receivables, short-term loans and borrowings, trade and other payables correspond to or are close to their fair value.

The fair values of the rest of the financial liabilities and their carrying amounts (including current maturities) presented in the statement of financial position, are as follows:

	June 30, 2025		June 30, 2024		December 31, 2024	
	Carrying amount	Fair value	Carrying amount	Fair value	Carrying amount	Fair value
	NIS million					
Debentures (Level 1)	9,502	9,492	8,285	7,910	9,446	9,478
Loans from banks and others (Level 2)	2,449	2,363	3,167	2,954	2,304	2,179
	11,951	11,855	11,452	10,864	11,750	11,657

2. The financial instruments are classified according to the fair value scale:

In the reporting period there were no material changes regarding the classification of financial assets and liabilities that are measured in the financial statements at fair value, compared to their classification as at December 31, 2024. Furthermore, there were no transfers between Level 1 and Level 2 with respect to fair value measurement of any financial instruments, and there were no transfers to or from Level 3 with respect to fair value measurement of any financial instruments.

D. Subsequent events

1. On August 14, 2025, the Company announced a dividend in the amount of 12.5 agorot per share (a total of NIS 24.2 million), payable on September 8, 2025, to the shareholders of the Company as at August 28, 2025.
2. Subsequent to reporting date, the Company issued in a private placement, by way of expansion of a marketable series, NIS 354 million par value Debentures (Series M) (unsecured) for gross proceeds of NIS 405 million and at effective annual interest of 5.03% (CPI-linked).
3. Further to the provisions of Note 24(4) to the annual financial statements concerning the civil lawsuit filed by the trustee of Dori Construction Ltd. against the Company and others, in April 2025 the court issued a ruling on the motion filed by the Company to dismiss the lawsuit, as well as on motions to dismiss filed by other defendants (hereinafter: the “Ruling on the Motion to Dismiss”), under which the court partially accepted the Company's motion and ordered the dismissal of the claim on the grounds of statute of limitations with respect to two of the three periods addressed in the claim, as described in the relevant note: the period preceding the discovery of deviations in Dori Construction’s estimates, which led to the filing of the class action against it; and the period between the discovery of said deviations and the sale of control in Amos Luzon Development and Energy Group Ltd. (“Luzon Group”). Regarding the statute of limitations claims pertaining to the third period (the period between the sale of control and the initiation of insolvency proceedings of Dori Construction), as well as other arguments raised by the Company in its motion to dismiss, the court held that these matters should be examined as part of the substantive proceedings and not as part of a preliminary hearing. Furthermore, the court accepted in full the motions to dismiss filed by certain individuals who served as officers and directors of Dori Construction during specific periods, as well as by Dori Construction's external auditors. The court partially accepted motions to dismiss filed by other officers of Dori Construction, and dismissed the motions to dismiss filed by Luzon Group, as well as by another group of officers. In July 2025, the trustee filed an appeal with the Supreme Court against the decision on the motion to dismiss, arguing that the District Court erred in ordering the summary dismissal of the lawsuit on grounds of statute of limitations with respect to the first two periods.

Quarterly Report regarding the Effectiveness of the Internal Control over the Financial Reporting and Disclosure pursuant to Regulation 38C(a) of the Securities Regulations in Israel

Quarterly Report regarding the Effectiveness of Internal Control over Financial Reporting and Disclosure pursuant to Regulation 38C(a)

The Management, under the supervision of the Board of Directors of G City Ltd. (the "Corporation"), is responsible for determining and maintaining proper internal control over the Corporation's financial reporting and disclosure.

For the purposes of this matter, the members of management are:

1. Chaim Katzman - Vice Chairman of the of the Board of Directors and CEO;
2. Gil Kotler, CFO;
3. Revital Kahlon, VP and Legal Counsel;
4. Eli Mualem, Chief Accounting Officer;

Internal control over financial reporting and disclosure includes the Corporation's existing controls and procedures, which were designed by the CEO and the most senior officer in the finance area or under their supervision, or by another party actually executing their functions, under the supervision of the Corporation's Board of Directors, which aims to provide reasonable assurance regarding the reliability of financial reporting and preparation of the financial statements in accordance with the applicable laws, and to ensure that information the Corporation is required to disclose in the statements it publishes under applicable laws is gathered, processed, summarized and reported on the date and in the format prescribed by the law.

Internal control includes, among other things, controls and procedures that were designed to ensure that information the Corporation is required to disclose, as stated, was accumulated and transferred to the Corporation's management, including to the President and to the most senior officer in the finance area or to another party actually executing their functions, in order to enable decisions to be made at the appropriate time, with respect to disclosure requirements.

Due to its inherent limitations, internal control over financial reporting and disclosure does not provide complete assurance that a misrepresentation or omission of information in the statements will be prevented or discovered.

The quarterly report regarding the effectiveness of the internal control over the financial reporting and disclosure attached to the quarterly report for the period ended March 31, 2025, (the "Latest Quarterly Report on Internal Control") found the internal control to be effective.

As at the reporting date no event or matter was brought to the attention of the board of directors or the management, which could change the effectiveness assessment of internal control as found in the Latest Quarterly Report on Internal Control.

As at reporting date, based on the provisions of the Latest Quarterly Report on Internal Control and on information brought to the attention of the management and board of directors as aforesaid, internal control remains effective.

Quarterly Report regarding the Effectiveness of the Internal Control over the Financial Reporting and Disclosure

Officers' Declarations

A) Declaration of the CEO pursuant to Regulation 38C(d)(l):

Officers' Declarations

Declaration of the CEO

I, Chaim Katzman, hereby declare that:

(1) I have reviewed the Quarterly Report of G City Ltd. (the "Corporation") for the second quarter of 2025 (the "Statements");

(2) As far as I am aware, the Statements do not include any misrepresentation of a material fact and no representation of a material fact that is required has been omitted, so that the representations included therein, in light of the circumstances in which such representations were included, will not be misleading with reference to the period covered by the Statements;

(3) As far as I am aware, the financial statements and other financial information included in the Statements properly reflect, in all material respects, the Corporation's financial position, results of operations and cash flows as of the dates and for the periods to which the Statements relate;

(4) I have disclosed to the Corporation's auditors, the Board of Directors and the Audit Committee of the Board of Directors, based on my most up-to-date evaluation with respect to internal control over the Corporation's financial reporting and disclosure:

  (a) All significant deficiencies and material weaknesses in the determination or operation of internal control over financial reporting and disclosure, which could reasonably have an adverse impact on the Corporation's ability to gather, process, summarize or report financial information in such a manner that could cause doubt with respect to the reliability of the financial reporting and preparation of the financial statements in accordance with the provisions of the law; and -

  (b) Any fraud, whether or not significant, wherein the CEO is involved or a party under his direct supervision or other employees are involved that have a significant function in internal control over financial reporting and disclosure;

(5) I, alone or together with others in the Corporation:

  (a) Have determined controls and procedures, or have verified the determination and existence of controls and procedures under my supervision, which are designed to ensure that significant information relating to the Corporation, including subsidiaries as defined in the Securities Regulations (Annual Financial Statements), 2010, is brought to my attention by others in the Corporation and the subsidiaries, particularly during the period of preparation of the financial statements; and -

  (b) Have determined controls and procedures, or have verified the determination and existence of controls and procedures under my supervision, which are designed to provide reasonable assurance regarding the reliability of financial reporting and preparation of the financial statements in accordance with the provisions of the law, including in accordance with generally accepted accounting principles.

  (c) No event or matter that occurred during the period from the last Quarterly Report and the date of this Report was brought to my attention, which could change the conclusions of the board of directors and the management regarding the effectiveness of the internal control over and disclosure of the Corporation's financial reporting.

Nothing stated above detracts from my responsibility or the responsibility of any other person under any law.

(2) As far as I am aware, the interim financial statements and other financial information for the interim period included in the Statements do not include any misrepresentation of a material fact and no representation of a material fact that is required has been omitted, so that the representations included therein, in light of the circumstances in which such representations were included, will not be misleading with reference to the period covered by the Financial Statements;

(3) As far as I am aware, the interim financial statements and other financial information included in the Interim Periodic Reports properly reflect, in all material respects, the Corporation's financial position, results of operations and cash flows as of the dates and for the periods to which the Financial Statements relate;

(4) I have disclosed to the Corporation's auditors, the Board of Directors and the Audit Committee of the Board of Directors, based on my most up-to-date evaluation with respect to internal control over the Corporation's financial reporting and disclosure:

a) All significant deficiencies and material weaknesses in the determination or operation of internal control over financial reporting and disclosure to the extent it relates to the interim financial statements and the other financial information included in the interim Financial Statements, which could reasonably have an adverse impact on the Corporation's ability to gather, process, summarize or report financial information in such a manner that could cause doubt with respect to the reliability of financial reporting and preparation of the financial statements in accordance with the provisions of the law; and -

b) Any fraud, whether or not significant, wherein the CEO is involved or a party under his direct supervision or other employees are involved that have a significant function in internal control over financial reporting and disclosure;

(5) I, alone or together with others in the Corporation:

a) Have determined controls and procedures, or have verified the determination and existence of controls and procedures under my supervision, which are designed to ensure that significant information relating to the Corporation, including subsidiaries as defined in the Securities Regulations (Annual Financial Statements), 2010, is brought to my attention by others in the Corporation and the subsidiaries, particularly during the period of preparation of the financial statements; and -

b) Have determined controls and procedures, or have verified the determination and existence of controls and procedures under my supervision, which are designed to provide reasonable assurance regarding the reliability of financial reporting and preparation of the financial statements in accordance with the provisions of the law, including in accordance with generally accepted accounting principles.

c) (c) No event or matter that occurred during the period from the last Quarterly Report and the date of this Report that relates to the interim Financial Statements and to all other financial information contained in the interim Financial Statements, was brought to my attention, which could change, in my opinion, the conclusions of the board of directors and the management regarding the effectiveness of the internal control over and disclosure of the Corporation's financial reporting.

Nothing stated above detracts from my responsibility or the responsibility of any other person under any law.
